

The 6th International Dry Toilet Conference: Dry Toilet Goes Circular - Exhibition 22.-24.8.2018

Welcome to the exhibition organized in the Dry Toilet Conference 2018! The exhibition is organized in Hiedanranta's Kuivaamo in Tampere, Finland on 22.8-24.8.2018. The international Dry Toilet Conference is already the 6th organized scientific conference that gathers sanitation, water, and nutrient circulation expertise together from 40 different countries to Tampere. The event acts as a forum for the organizations and other actors of the industry to co-operate and share the newest information. This year the theme of the conference is extended to include all the possibilities of the Circular economy. The event consists of the Finnish seminar (1st day) and international conference (2nd and 3rd days).

The exhibition is organized in a big hall of Kuivaamo, where the lunch buffet and most of the coffee services are also organized. Exhibition is open for the audience and it is advertised widely to increase visitor count.

The exhibition is open within the frames of the Conference programme:
